EYFS Autumn 2 Home Learning Challenges

These are fun challenges to try at home with your child this half term. Choose **three or more** challenges to complete together.

People Who Help Us

Find out about a person who helps us, such as a firefighter, police officer, doctor, nurse or paramedic. Talk about what they do and how they help people in our community.

Physical Development

Practise getting yourself ready for school. Can you:

- zip up your coat?
- put on your own shoes?
- try fastening and unfastening a button?

Communication and Language

Talk about the Christmas story (The Nativity). Who is in the story? What happens? You could retell it using toys, pictures or your own words.

Mathematics

- Count objects at home (e.g. toys, fruit or leaves). How many do you have?
- Try one more and one less with small numbers (e.g. "I have 4, what is one more? What is one less?").
- Find circles, triangles and squares around your home or when you are out and about.

Creativity

Get creative at home! You could:

- make a Christmas decoration
- build an emergency vehicle (e.g. a police car or fire engine) using boxes and packaging.

Our School Values

- **Love** – do something kind for someone at home.
- **Friendship** – include and play with others.
- **Respect** – look after your home and belongings (e.g. tidy up).
- **Resilience** – keep trying at something that feels a little tricky.

Autumn Explorers

Go on an autumn walk. What signs of autumn can you see, hear and feel? You could collect or spot leaves, conkers and pine cones. Can you count them and sort them into groups?

Personal, Social and Emotional Development

Be a kind and helpful member of your family. Can you do something that shows our school values, such as **Love**, **Friendship** or **Respect** (e.g. share, take turns or help with a job)?

Christmas and The Nativity

Share the Nativity story or read a Christmas story together. You could visit a local Christmas display, sing a Christmas song or create a festive picture.
